

## NEW LADIES' AND DRY GOODS STORE

Articles of clothing were today filed in the Clerk's office for a new ladies' furnishing and dry goods store to be located in our city and we are informed from the incorporators that this business will be conducted on a strictly cash basis and will handle a full line of up-to-date furnishings of all kinds suitable for ladies wear. In addition to this a full

## FURNISHING GOODS STORE

line of gent's hose, shirts, handkerchiefs, ties, etc., will be handled but no gents clothing. Many of Maysville's most prominent business men have already connected themselves with this concern, but at present will not be named, but as soon as a charter is granted to them the full set of officers will be announced in the press. We are always glad to see Maysville grow and take on new life in any way and this firm should add much to Second street, as we understand that they

will locate on Second street in the building now occupied by the Star Clothing Co., using all three floors and will remodel with modern store front, etc.

**INJURED AT COAL DOCKS**  
Yesterday morning Mr. William T. Cobb, foreman of the night crew at the coal docks had the misfortune to get struck by the clam shell used in coaling trains and was knocked off of the coal tender, breaking one rib and injuring one of his lungs, which will lay him up for some time.

## BIG WIGS

Of Oddfellowship Now In This City, and the Grand Encampment of Kentucky In Session.

Welcome Royal Purple members of Oddfellowship of Kentucky to the best city in the state.

This is the sign that greeted the arrival of the advance guard of Representatives to the annual meeting of the Grand Encampment of Kentucky Oddfellows.

And they were welcomed last night by the membership of Pisgah Encampment No. 9 of this city and by Banker Charles Wright, who thinks so much of their coming to our city that he does not even sit down, going so far as to eat his meals standing.

After the conference of the Royal Purple Degree last night and a general welcoming session at DeKalb Lodge Hall, the Representatives and Encampment members were given the side degree of the Rebekahs by the members of Friendship Lodge, consisting of splendid refreshments and this session lasted until the clock hands were past the meridian.

The session of the Grand Encampment was called this morning at 9 o'clock and after the regular work of organizing had been accomplished the reports of the various officers were read, showing this branch of Oddfellowship to be in a fine condition.

At noon the entire assemblage will partake of one of Landlord Daugherty's high-class dinners.

Among those noticed on the floor last night from a distance was Past Grand Master J. White Potter of Bowling Green, Ambrose Brunner of Louisville, Curt Gaybke of Newport, Past Grand Master Otto A. Breith, Newport, Grand Scribe R. G. Elliott of Lexington and Grand Treasurer B. J. Durham of Danville. This city was also

well represented by some past high officials, notably Past Grand Patriarch Byron Rydy, the oldest in the state, Past Grand Master William H. Cox, Past Grand Master Allan D. Cole and Past Grand Patriarch J. Barbour Russell.

## METHODIST REVIVAL

Two fine services were held yesterday. While the afternoon service was not so largely attended it was one of those earnest, quiet hours in which consecrations are made and the workers get that needed preparation for the evening service which is attended by the larger crowds. A well-filled church heard the evangelist in the evening. "The Jailor's Question" was the subject from which a most powerful sermon was preached. The sermon was preceded by a solo "Does Jesus Care" by Mr. Dodds. Services today at 3 p. m. and 7:30 p. m. Remember that 7:30 comes a long time before dark and you will have to start to church while it is yet day. Come early and get into the spirit of the service from the first song. The choir is growing in numbers. Good music will characterize every service. A special quartet will be sung tonight. What better time could there be for a great revival in Maysville? This church is not in this work for themselves. They are working earnestly for the good of Maysville that she may be awakened and become aroused to her needs and opportunities. Let all Christian people lend a hand in this mission.

## KNIT SWEATERS NOT SOCKS

People who have taken out yarn from the Red Cross headquarters are asked not to use this for knitting socks as the yarn is too heavy, but to utilize it for knitting sweaters.

## ENEMY WON'T RENEW FIGHT

Airmen Blow Up Holdings—Railroad Centers and Other Military Points Targets For Airmen—British Aviators Down Six More Enemy Machines.

New York, May 14—Committed, as they are, to a continuation of heavy fighting on the western front, the Germans apparently are taking their full time before beginning another forward operation on the line from Soissons north to the Belgium coast. In two weeks the enemy has made only one determined attack and this was repulsed by the allied forces southwest of Ypres.

Along the vital sectors of the salients driven by the Germans since March 21, the enemy artillery has been active, but there are no signs of renewed infantry activity in strength. North of Kemmel, around Serre, on the line between Albert and Arras; and on the southern end of the British across the Somme and on the French sectors immediately south, the Germans' big guns are hurling thousands of shells into the allied positions.

Allied airmen are taking advantage of every opportunity to invade enemy territory. Many more tons of bombs have been dropped on important railroad centers and other military targets behind the German lines in Flanders and Picardy.

In aerial fighting the British have brought down six more machines. While British naval airmen bombed the German submarine bases at Zebrugge and Ostend, army flyers continue the aerial bombardment of Bruges.

West of Montdidier, in Picardy, and northwest of Toul, American artillerymen are harassing the Germans with a heavy fire. Considerable damage is believed to have been caused on both sectors.

## LETTERS ISSUED

The Commission of Southern Presbyterian in session here yesterday morning issued over 143 letters to members of the Central Presbyterian Church.

Special services will be held at the First Presbyterian Church Sunday in honor of this happy union between the Presbyterian Churches of this city.

Mr. Frank H. Wright is enjoying his annual vacation of fifteen days with his sisters, Mrs. J. M. Cole of Blue Lick Springs and Mrs. Charles C. Chanslof of Millersburg. Mr. Everett Hall is serving the patrons on Route No. 4 during his absence.

## NOTED WRITER

Mrs. Ida McGlone Gibson Will Deliver an Address In This City Saturday, May 18.

Mrs. Ida McGlone Gibson after three months abroad as representative of the Red Cross has been making a tour of Kentucky relating some interesting stories of experiences abroad. Her talks has been exceedingly successful and Maysville is very fortunate to have the pleasure of meeting and hearing this talented lady.

Mr. W. D. Cochran received a telegram late yesterday evening from Mr. W. D. Davis at Lexington stating that Mrs. Gibson would arrive here in time for an evening meeting Saturday.

## GET YOUR ARTILLERY

The henry of Mr. Charles McCarthy in the Fifth Ward near Commerce street was raided last night and a number of C.A.'s choice patriots confiscated. There seems to be a flat sent out to relieve those fortunate enough to have chickens and maybe those taking them think feed is too high for others to keep them. Hereafter the people having chickens will do their sleeping in the front line trenches, and as all will be equipped with machine and rapid-fire guns of all descriptions, a few funerals are on the calendar for the next few days.

## CITY COUNCIL ELECT TAX SUPERVISOR AGAIN

The City Council was called in special session last evening to elect a tax supervisor and decide on the wharfboat question. Mr. J. H. Bryant was unanimously elected and agreed to serve.

The question of the Wharfboat was left in the hands of the Wharf and Ferry Committee. It was pointed out by one of the members that the Ripley Wharfmaster paid \$800 for wharfage privilege.

## ENGLISH ARMY OFFICER TO SPEAK IN MAYSVILLE

Captain Walter Kilroy Harris, M. C., F. R. G. S. of New Castle, New South Wales, will speak here on Thursday, May 23. He is a distinguished English Army Officer and has seen much actual service, having been wounded on three separate occasions, and once slightly gassed. He will speak in the interest of the Red Cross, Second War Fund Campaign. The time and place of the meeting will be given the public in due time.

The Ladies' Aid Society of the Third Street M. E. Church will meet tomorrow at 10 a. m. for their all-day sewing for the Red Cross. Sewing will continue until 3 p. m. the hour for the afternoon revival service. All ladies of the church urged to come.

Corporal Harold Robinson of Camp Taylor, Louisville, is home on a short furlough.

## M. C. BARNES APPOINTED FARM LABOR AGENT

Some time ago Secretary Dodds of the Chamber of Commerce addressed Hon. Louis Post, Assistant Secretary of Labor at Washington, D. C., offering the services of the local organization in helping the government obtain the desired supply of farm labor.

Yesterday he received a reply from T. V. Powderly, Acting Director General of the Department of Labor acknowledging receipt of the recent communication. Mr. Powderly states that he has appointed the local organization farm labor agency No. 1002 and requests that one of our members be appointed farm labor agent at the nominal salary of \$1.00 per annum. As soon as the appointment is approved he will be supplied with all necessary instructions, forms, blanks and franked envelopes.

Mr. H. C. Barnes, chairman of the Employment Division was appointed Farm Labor Agent of the local organization by Director C. S. Kirk of Organization Affairs.

Mr. and Mrs. C. W. Morgan and Mr. Azro Grover and Mrs. Handly Collins of Mayslick are visiting Private Edward Morgan at Fort Thomas, for a few days.

## Gold in Skim Milk

The skim milk you fed to the stock this morning undoubtedly contained butter-fat worth 30 to 40 cents a pound at the creamery. You thought your separator skimmed clean, and so it may—if turned at exactly the speed stamped upon the crank. But no one can turn always at a uniform speed—it isn't human nature. Thousands of official tests have shown that 19 out of 20 hand separators are turned too slow and, of course, lose cream. Your creamery would pay from \$2.40 to \$12 for the butter-fat you lost per cow during one year.

You can get all the gold from the milk by using

## THE NEW SHARPLES SUCTION-FEED

Separator. It skims clean at widely varying speeds. The milk inflow varies with the speed—always in exact proportion to the separating force. No other separator can do it.

The boy or "hired man" may turn 35 times a minute. It does no harm—takes a little longer, that's all. When in a hurry, you may spin the crank 55 times a minute and spin the cream quickly. No other separator can be hurried.

Whatever the speed, the cream will be of the same even quality—not thin today and thick tomorrow. All other separators vary the density of the cream when the speed is varied.

The large low supply can save a lot of heavy lifting. A small boy can easily fill it. The women folks always prefer the Sharple's—it's so easy to clean. The simple tubular bowl has only three pieces. There are no discs to wash.

The entire machine can be instantly taken apart and put together. It's ruggedly built for long hard service and fully guaranteed.

Come in and let us show you how to get the gold that's now being lost in your skim milk.
